About this document

This document summarises the content, structure, SEO metadata and technical setup for the Thames Wellness Academy website (also known as Berkshire Yoga Training). It is intended for partners, stakeholders and content reviewers.

Site overview

Purpose

Thames Wellness Academy delivers professional wellness education in Berkshire and Buckinghamshire. The website promotes Yoga Alliance Professionals-certified teacher training, continuing professional development (CPD), specialist workshops, retreats and research collaboration.

All programmes are teacher-led and delivered on site across studio, corporate and therapeutic settings. The site is designed to attract aspiring teachers, qualified practitioners, corporate wellbeing teams and research partners.

Target audience

- Aspiring yoga and wellness teachers seeking Foundation Training certification
- Qualified teachers and therapists pursuing CPD
- Wellness professionals interested in specialist workshops
- Corporate wellbeing leads and healthcare settings booking training
- Academic and clinical collaborators for research programmes
- Prospective students in Berkshire, Buckinghamshire and the wider Thames Valley

Geographic focus

Programmes are delivered on site across Berkshire and Buckinghamshire, including training venues in Reading, Windsor and Newbury. Content references the Thames Valley region and on-site delivery in studio, corporate and therapeutic environments.
